THINNING USES

Oil-based paints or stains					✓		
Latex paints or stains							
Varnishes					●		
Lacquers					●		
Shellac		✓	●				
Polyurethanes					●		
Epoxyes 2-Part Coatings					✓		
Oil Finishes					✓		

CLEANING USES

Oil-based paint, varnish, or polyurethane application tools	✓	✓			✓	✓	✓
Latex paint stains & application tools	✓	✓			✓	✓	✓
Lacquer application tools	✓	✓		✓	✓	✓	✓
Shellac application tools	●	✓	✓	✓	●	✓	✓
Epoxy application tools	✓	✓			✓	✓	✓
Painting tools with dried hardened coatings	✓	✓			✓	✓	✓
New wood before finishing	✓	✓	●	✓	✓	✓	✓
Oil coatings before refinishing	✓	✓	●	✓	✓	✓	✓
Synthetic bristle brushes	✓	✓			✓	✓	✓
Natural bristle brushes	✓	✓			✓	✓	✓
Spray equipment	●	●			●	●	●
Metal, wood, and plastic surfaces before painting	✓	✓			✓	✓	✓
Cleans, etches concrete or brick	●	✓			✓	✓	✓
Fiberglass	✓	✓			✓	✓	✓
Stainless steel	✓	✓			✓	✓	✓
Vinyl, porcelain, painted and tile surfaces	✓	✓			✓	✓	✓
Stone	✓	✓			✓	✓	✓
Degreases painted metal parts	✓	✓			✓	✓	✓
Degreases bare metal	✓	✓	●	✓	✓	✓	✓
Degreases industrial parts and equipment	✓	✓	●	✓	✓	✓	✓
Degreases rubber and plastic	●	✓	●	✓	✓	✓	✓
Degreases linoleum surfaces	●	✓	●	✓	✓	✓	✓

REMOVAL USES

Paint							✓
Varnish							✓
Lacquers							✓
Epoxy							✓
Shellac							●
Polyurethanes							✓
Adhesives							✓

✓ = Normally accepted usage
 ● = May work, but carefully read all instructions before use

NEXT™

The NEXT Generation is Green™
 Green alternatives to traditional solvents

Non-flammable | Low VOC | Biodegradable | Renewable content | Low odor

Solvents & Thinners

PAINT THINNER NEXT™

The safer-to-use alternative to solvent-based thinners and mineral spirits

- Preps surfaces and cleans paint drips, splatters and tools
- Thins all colors of oil-based coatings
- Non-flammable
- 65% natural resource content
- Low odor
- Low VOC – 66% lower VOC than regular paint thinner; no HAPs*

PTNXT.P.04 – Quart | PTNXT.P.01 – Gallon

LACQUER THINNER NEXT™

Low VOC, professional grade thinner

- Medium-dry grade thinner of stains and clear or pigmented nitrocellulose lacquers
- Clean Air Solvent Certified: <25 g/l VOC†
- Matches strength of traditional lacquer thinners
- Biodegradable
- Made with renewable resources; no HAPs*
- Compliant with AQMD Rule 1171

LTNXT.M.64 – Quart | LTNXT.M.41 – Gallon | LTNXT.M.05 – Pail

DENATURED ALCOHOL NEXT™

The 95% natural alternative to traditional denatured alcohol

- 95% natural and renewable content
- Comparable in performance to regular denatured alcohol
- Biodegradable
- Thinner and clean-up solvent for shellac projects
- Clean-burning fuel for marine stoves
- Cleans metal parts and glass

DANXT.M.64 – Quart

Removers

PAINT STRIP NEXT™

Non-toxic, all-purpose paint remover

- Semi-paste stripper for paint, varnish, lacquer and epoxy
- Contains no methylene chloride: safe for indoor use, low odor
- For use on wood, metal, masonry, and marine surfaces
- Non-flammable
- Biodegradable
- Covers 25 square feet and clings to vertical surfaces

PSNXT.P.04 – Quart

The NEXT Generation is Green™

Crown® NEXT™ is the green alternative to traditional solvents, ideal for professional and home applications. Designed to provide a safer solution for both the user and the environment, Crown NEXT products continue the Crown tradition of high quality and proven performance. The NEXT line offers eight formulas in an array of sizes for thinning, cleaning, or paint removal projects. The NEXT Generation is Green.™

NEXT™ products may include a variety of the following characteristics:

Safer for the Consumer

- Non-flammable
- Low odor
- Less fumes
- Less hazardous
- Less harsh on skin

Safer for the Environment

- Low VOC‡
- Made from natural & renewable content
- Biodegradable

Additional Features

- All plastic packaging made from recycled resin
- Boxes follow Sustainable Forestry Initiative (SFI®) fiber sourcing standards
- Boxes use water-based pigments

All products packaged in recyclable containers. Please recycle.

Cleaners

DEGREASER NEXT™

General-purpose cleaner for garage and workshop applications

- Removes oil and grease from tools, parts, and equipment
- Non-flammable
- 65% natural resource content
- Low odor
- Low VOC – 66% lower VOC than traditional parts cleaners; no HAPs*
- Contains rust and aluminum corrosion inhibitors

DGNXT.P.64 – Quart spray | DGNXT.P.01 – Gallon

PAINT PREP NEXT™

Convenient clean-up spray for paint projects from start to finish

- Removes dirt and grease from hard surfaces before painting
- Cleans paint spills and tools by directly penetrating surfaces
- 65% natural resource content
- Non-flammable
- Low VOC; contains no HAPs*

PPNXT.P.64 – Quart spray

BRUSH CLEANER NEXT™

The safer way to clean your synthetic bristle brushes

- Cleans and restores synthetic bristle brushes and roller covers
- Removes oil-based & latex paints, urethanes, stains, and varnishes
- 70% natural resource content
- Non-flammable
- Biodegradable
- Low VOC – 84% lower VOC than traditional brush cleaner

BCNXT.P.04 – Quart

LIQUID DEGLOSSER NEXT™

The non-flammable, biodegradable choice for deglossing

- Cleans and deglosses old surfaces without sanding
- Removes heel marks, smudges, pencil marks, grease, and oil
- 70% natural resource content
- Non-flammable
- Biodegradable
- Low VOC – 85% lower VOC than traditional liquid deglosser

LDNXT.P.04 – Quart
